Percussion Support

Percussion is a unique part of band!

Most players begin on a student bell kit-- a temporary learning tool, not an instrument that will be owned and played for years.

Student bell kits are available to rent, rather than rent-to-own.

Complete Flexibility

You may return your kit anytime with no further obligations. Upgrade to a rent-to-own percussion option and all rental credit transfers.

Repair & Insurance

From adjustments to full instrument replacement, our techs will keep your student playing, all at no added cost.
